

Everbridge Selected by New York for State-Wide Emergency Notification System

September 19, 2017

Platform to Power NY-ALERT Program Providing Multi-Modal, Location-Aware Alerting

BURLINGTON, Mass.--(BUSINESS WIRE)--Sep. 19, 2017-- [Everbridge](#), a global software company that provides critical event management and enterprise safety applications to help keep people safe and businesses running faster, today announced that the [New York State Office of Information Technology Services \(ITS\)](#) has selected Everbridge as the new [mass notification](#) service provider for its state-wide NY-ALERT program. The Everbridge system was selected partially based on its established scalability and reliability in order to support plans to grow the subscriber base of NY-ALERT.

NY-ALERT disseminates public safety information such as Amber Alerts, sex offender alerts, weather warnings and evacuation notifications throughout the state. The system uses multiple communication methods including SMS, email, IPAWS, reverse 911 and social media to send geographically-targeted alerts. Citizens can subscribe to alerts at www.nyalert.gov/home. Government agencies and other authorized organizations also use the system to send notifications to specific groups.

"We are delighted to partner with the New York State Office of ITS on NY-ALERT," said Jaime Ellertson, CEO of Everbridge. "New York has been at the forefront in providing emergency communications and now they will be able to leverage the Everbridge platform to enhance the program's efficacy. You don't need to look very far into the news these days to see how important such state-wide programs are to keeping citizens safe."

About Everbridge

[Everbridge, Inc.](#) (NASDAQ: EVBG) is a global software company that provides enterprise software applications that automate and accelerate an organization's operational response to critical events in order to keep people safe and businesses running faster. During public safety threats such as active shooter situations, terrorist attacks or severe weather conditions, as well as critical business events such as IT outages or cyber-attack incidents, over 3,400 global customers rely on the company's SaaS-based platform to quickly and reliably aggregate and assess threat data, locate people at risk and responders able to assist, automate the execution of pre-defined communications processes, and track progress on executing response plans. The company's platform sent over 1.5 billion messages in 2016, and offers the ability to reach over 200 countries and territories with secure delivery to more than 100 different communication devices. The company's critical event management and enterprise safety applications include Mass Notification, Incident Management, IT Alerting, Safety Connection™, Community Engagement®, Visual Command Center®, Crisis Commander® and CareConverge™, and are easy-to-use and deploy, secure, highly scalable and reliable. Everbridge serves 8 of the 10 largest U.S. cities, 9 of the 10 largest U.S.-based investment banks, all four of the largest global accounting firms, all 25 of the 25 busiest North American airports and 6 of the 10 largest global automakers. Everbridge is based in Boston and Los Angeles with additional offices in San Francisco, Lansing, Beijing, London and Stockholm. Cautionary Language Concerning Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, including but not limited to, statements regarding the anticipated opportunity and trends for growth in our critical communications and enterprise safety applications and our overall business, our market opportunity, our expectations regarding sales of our products, and our goal to maintain market leadership and extend the markets in which we compete for customers. These forward-looking statements are made as of the date of this press release and were based on current expectations, estimates, forecasts and projections as well as the beliefs and assumptions of management. Words such as "expect," "anticipate," "should," "believe," "target," "project," "goals," "estimate," "potential," "predict," "may," "will," "could," "intend," variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond our control. Our actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including but not limited to: the ability of our products and services to perform as intended and meet our customers' expectations; our ability to attract new customers and retain and increase sales to existing customers; our ability to increase sales of our Mass Notification application and/or ability to increase sales of our other applications; developments in the market for targeted and contextually relevant critical communications or the associated regulatory environment; our estimates of market opportunity and forecasts of market growth may prove to be inaccurate; we have not been profitable on a consistent basis historically and may not achieve or maintain profitability in the future; the lengthy and unpredictable sales cycles for new customers; nature of our business exposes us to inherent liability risks; our ability to attract, integrate and retain qualified personnel; our ability to successfully integrate businesses and assets that we may acquire; our ability to maintain successful relationships with our channel partners and technology partners; our ability to manage our growth effectively; our ability to respond to competitive pressures; potential liability related to privacy and security of personally identifiable information; our ability to protect our intellectual property rights, and the other risks detailed in our risk factors discussed in filings with the U.S. Securities and Exchange Commission ("SEC"), including but not limited to our Annual Report on Form 10-K for the year ended December 31, 2016 filed with the SEC on March 23, 2017. The forward-looking statements included in this press release represent our views as of the date of this press release. We undertake no intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to the date of this press release.
