Everbridge Adds World Leader to Marquee Line Up of Keynote Speakers and C-Level Presenters from Accenture, Auburn University, Capital One, CDC, Duke University Health System, EENA, Fannie Mae, Fortinet, Houston Methodist Hospital, Humana, Lumen Technologies, Massachusetts, New York City, Rackspace, Siemens, Virgin Group, and other Top Organizations and Governments to Discuss the Global Recovery from the Coronavirus Pandemic

BURLINGTON, Mass.--(BUSINESS WIRE)--Sep. 23, 2020--Everbridge, Inc. (NASDAQ: EVBG), the global leader in critical event management (CEM), today announced that a former World Head of State will address attendees to its Autumn 2020 “COVID-19 R2R: The Road to Recovery” virtual leadership summit to be held October 14-15, 2020, covering the path forward amid the COVID-19 pandemic. The addition of a former World Head of State represents the latest in a top-tier line-up of leading experts and C-level executives who will share their perspectives on best practices for the safe reintegration of people back to work, campuses, and public spaces; the restoration of revenue-generating operations; and the protection of citizens on a countrywide scale amid the coronavirus pandemic. Keynote speakers include presidential advisor and Director of the National Institute of Allergy and Infectious Diseases (NIAID) at the U.S. National Institutes of Health (NIH) Dr. Anthony Fauci, Virgin Group Founder Sir Richard Branson, and renowned neurosurgeon and CNN Chief Medical Correspondent Dr. Sanjay Gupta.

To see a current list of speakers and register for the event, please visit Everbridge’s event registration page.

“The addition of a former World Head of State reinforces the international magnitude of the topics to be addressed at our COVID-19 ‘Road to Recovery’ symposium,” said Everbridge Chief Executive Officer David Meredith. “C-level executives and other global leaders will provide an update on the world’s COVID-19 response and offer actionable advice for mitigating the impact of the pandemic as we reopen our offices, schools and economies.”

The first day of the event, October 14th, will include keynotes from Dr. Sanjay Gupta and a former World Head of State. Day two, October 15th, will feature keynotes from Sir Richard Branson and Dr. Anthony Fauci.

The symposium will focus on the policies and actions organizations can take during the pandemic to keep people safe, execute contact tracing, return people to workplaces, campuses, and public spaces, protect supply chains, restore operations, and help organizations manage their reputations and communications to foster consumer safety and trust; all while managing across multiple critical events that could include hurricanes, wildfires, production stoppages, IT outages and cyberattacks.

To see a current list of speakers and register for the event, please visit here. Representative C-level speakers from Fortune 500 and international corporations include a Fortune 25 Chief Executive Officer (CEO), Fortinet Founder, Chairman of the Board, and CEO Ken Xie, Accenture’s Arlin Pedrick, Auburn University’s President Jay Gogue, Aviva’s John Bernard, Capital One’s William Baker, Fannie Mae’s Christopher Porter, Humana’s Stephen Pazienza, Lumen Technologies’ (formerly CenturyLink) Executive Vice President of Human Resources Scott Trezise, Optum’s Allison Miller, Rackspace Technology’s Chief People and Legal Officer Holly Windham, and Siemens’ Marco Mille, among others.

Speakers representing the healthcare and government sectors include Roberta Levy Schwartz, Ph.D., FACHE, Chief Executive Officer, Executive Vice President and Chief Innovation Officer at Houston Methodist Hospital; Dr. Judy Monroe, Chief Executive Officer of the CDC Foundation; Dr. Nancy Messonnier, Director of the Center for the National Center for Immunization and Respiratory Diseases (NCIRD); Matt Roman, Chief Digital Officer of Duke University Health System; Curt Wood, Chief Information Officer of the Commonwealth of Massachusetts; Rebecca Baudendistel, Director of Public Warning at New York City Emergency Management Department; Víðir Reynisson, Chief Superintendent of the Office of National Commission of Police in Iceland; Benoit Vivier, European Union institutions liaison at the European Emergency Number Association (EENA); and Michael Hallowes, former National Director of Australia’s Emergency Alert program and Managing Director of Zefonar.
Over 5,300 global organizations use Everbridge’s CEM Platform to assess threats, monitor the wellbeing of their workforce, rapidly communicate warnings, and protect supply chains. At the onset of the pandemic, Everbridge rapidly launched its COVID-19 Shield™ Return to Work and Contact Tracing software solutions followed by the introduction of Everbridge Control Center, the industry’s first off-the-shelf physical security information management software platform to help organizations return to work while complying with social distancing and Personal Protective Equipment (PPE) policies. Since the pandemic began, Everbridge customers have used its software to send more than 780 million coronavirus-related communications with vital information and instructions to safeguard their populations, employees, patients, and students.

Everbridge serves over 3,700 first responder agencies and 1,500 healthcare entities including the top pharmaceutical, biomedical and medical device and manufacturing companies, as well as the largest healthcare systems (overseeing more than 25 percent of all hospital beds in the U.S.), managed care organizations, pharmacies, and statewide health alert networks (HANs), including the CDC and the NIH.

The Everbridge Platform reaches over 600 million people and currently supports the countrywide public warning system deployments in all major regions of the world. Everbridge supports population-wide alerting in 11 countries across Europe, Asia, Oceania, The Middle East, Africa, and South America including Australia, Iceland, the Netherlands, New Zealand, Norway, Peru, Singapore and Sweden. Everbridge’s population alerting capabilities also power the entire states of California, Massachusetts, Vermont, New York, Connecticut, and Florida, as well as municipalities, counties and cities within 49 of the 50 United States, within all of Canada’s provinces, and throughout Europe and Asia, including deployments within multiple populous states in India.

Cautionary Language Concerning Forward-Looking Statements

This press release contains “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995, including but not limited to, statements regarding the anticipated opportunity and trends for growth in our critical communications and enterprise safety applications and our overall business, our market opportunity, our expectations regarding sales of our products, our goal to maintain market leadership and extend the markets in which we compete for customers, and anticipated impact on financial results. These forward-looking statements are made as of the date of this press release and were based on current expectations, estimates, forecasts and projections as well as the beliefs and assumptions of management. Words such as “expect,” “anticipate,” “should,” “believe,” “target,” “project,” “goals,” “estimate,” “potential,” “predict,” “may,” “will,” “could,” “intend,” variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond our control. Our actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including but not limited to: the ability of our products and services to perform as intended and meet our customers’ expectations; our ability to successfully integrate businesses and assets that we may acquire; our ability to attract new customers and retain and increase sales to existing customers; our ability to increase sales of our Mass Notification application and/or ability to increase sales of our other applications; developments in the market for targeted and contextually relevant critical communications or the associated regulatory environment; our estimates of market opportunity and forecasts of market growth may prove to be inaccurate; we have not been profitable on a consistent basis historically and may not achieve or maintain profitability in the future; the lengthy and unpredictable sales cycles for new customers; nature of our business exposes us to inherent liability risks; our ability to attract, integrate and retain qualified personnel; our ability to maintain successful relationships with our channel partners and technology partners; our ability to manage our growth effectively; our ability to respond to competitive pressures; potential liability related to privacy and security of personally identifiable information; our ability to protect our intellectual property rights, and the other risks detailed in our risk factors discussed in filings with the U.S. Securities and Exchange Commission (“SEC”), including but not limited to our Annual Report on Form 10-K for the year ended December 31, 2019 filed with the SEC on February 28, 2020. The forward-looking statements included in this press release represent our views as of the date of this press release. We undertake no intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to the date of this press release.
