Everbridge COVID-19: The Road to Recovery (R2R) Autumn 2020 Symposium (Graphic: Business Wire)

Each of these top speakers brings significant leadership experience managing some of the world's largest and most iconic organizations, healthcare institutions and

governments through the coronavirus pandemic and will cover topics related to global best practices to reopen economies, while most safely returning people to public spaces, offices, and campuses.

In addition to these top speakers, the two-day symposium will feature a [former World Head of State](#), presidential advisor and Director of the National Institute of Allergy and Infectious Diseases (NIAID) at the U.S. National Institutes of Health (NIH) **Dr. Anthony Fauci**, Virgin Group Founder **Sir Richard Branson**, and renowned neurosurgeon and CNN Chief Medical Correspondent **Dr. Sanjay Gupta**, as well as sessions with leading healthcare experts and government officials.

To attend the "COVID-19 R2R: The Road to Recovery" virtual leadership summit, please visit [Everbridge's event registration page](#).

"Everbridge provides key insights that public and private sector leaders need right now to navigate this next crucial phase of the coronavirus pandemic, to reopen economies while most safely returning people to public spaces, offices and campuses," said Everbridge Chief Executive Officer David Meredith. "By leveraging our global partner and customer ecosystem, Everbridge continues to add top C-level leaders to our speaker lineup, as well as marquee keynotes including Dr. Anthony Fauci, Sir Richard Branson, Dr. Sanjay Gupta, and a former World Leader. While our most recent COVID-19 Symposium attracted well over 10,000 leaders across 150 countries, our current registrations remain on track to far exceed those numbers."

[The symposium will focus on the policies and actions organizations can take](#) during the pandemic to keep people safe, execute contact tracing, return people to workplaces, campuses, and public spaces, protect supply chains, restore operations, and help organizations manage their reputations and communications to foster consumer safety and trust; all while managing across multiple critical events that could include hurricanes, wildfires, production stoppages, IT outages and cyberattacks.

To see a current list of speakers and register for the event, [please visit here](#). Beyond the latest additions announced today, representative C-level

speakers from Fortune 500 and international corporations also include a Fortune 25 Chief Executive Officer (CEO), **Fortinet** Founder, Chairman of the Board, and CEO Ken Xie, **Accenture's** Arlin Pedrick, **Auburn University's** President Jay Gogue, **Aviva's** John Bernard, **CAG Holdings' Ginger Evans**, **Capital One's** William Baker, **Fannie Mae's** Christopher Porter, **Humana's** Stephan Pazienza, **Lumen Technologies' (formerly CenturyLink)** Executive Vice President of Human Resources Scott Trezise, **Optum's** Allison Miller, **Rackspace** Chief Legal and People Officer Holly Windham, and **Siemens' Marco Mille**, among others.

Speakers representing the healthcare and government sectors include Roberta Levy Schwartz, Ph.D., FACHE, Executive Vice President and Chief Innovation Officer at **Houston Methodist** and CEO of **Houston Methodist Hospital**; Dr. Judy Monroe, Chief Executive Officer of the **CDC Foundation**; Dr. Nancy Messonnier, Director of the Center for the National Center for Immunization and Respiratory Diseases (**NCIRD**); Matt Roman, Chief Digital Strategy Officer of **Duke University Health System**; Curt Wood, Chief Information Officer of the **Commonwealth of Massachusetts**; Rebecca Baudendistel, Director of Public Warning at **New York City Emergency Management Department**; Víðir Reynisson, Chief Superintendent of the **Office of National Commission of Police in Iceland**; Benoît Vivier, European Union institutions liaison at the **European Emergency Number Association (EENA)**; and Michael Hallowes, former National Director of **Australia's Emergency Alert program** and Managing Director of **Zefonar**.

Over 5,300 global organizations use Everbridge's CEM Platform to assess threats, monitor the wellbeing of their workforce, rapidly communicate warnings, and protect supply chains. At the onset of the pandemic, Everbridge rapidly launched its [COVID-19 Shield™ Return to Work](#) and [Contact Tracing](#) software solutions followed by the introduction of [Everbridge Control Center](#), the industry's first off-the-shelf physical security information management software platform to help organizations return to work while complying with social distancing and Personal Protective Equipment (PPE) policies. Since the pandemic began, Everbridge customers have used its software to send more than 780 million coronavirus-related communications with vital information and instructions to safeguard their populations, employees, patients, and students.

Everbridge serves over 3,700 first responder agencies and 1,500 healthcare entities including the top pharmaceutical, biomedical and medical device and manufacturing companies, as well as the largest healthcare systems (overseeing more than 25 percent of all hospital beds in the U.S.), managed care organizations, pharmacies, and statewide health alert networks (HANS), including the CDC and the NIH.

The Everbridge Platform reaches over 600 million people and currently supports the countrywide [public warning](#) system deployments in [all major regions of the world](#). Everbridge supports population-wide alerting in 11 countries across Europe, Asia, Oceania, The Middle East, Africa, and South America including [Australia](#), [Iceland](#), the Netherlands, New Zealand, [Norway](#), [Peru](#), Singapore and [Sweden](#). Everbridge's population alerting capabilities also power the entire states of [California](#), [Massachusetts](#), [Vermont](#), [New York](#), [Connecticut](#), and [Florida](#), as well as municipalities, counties and cities within 49 of the 50 United States, within all of Canada's provinces, and throughout Europe and Asia, including deployments within multiple populous states in [India](#).

Cautionary Language Concerning Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, including but not limited to, statements regarding the anticipated opportunity and trends for growth in our critical communications and enterprise safety applications and our overall business, our market opportunity, our expectations regarding sales of our products, our goal to maintain market leadership and extend the markets in which we compete for customers, and anticipated impact on financial results. These forward-looking statements are made as of the date of this press release and were based on current expectations, estimates, forecasts and projections as well as the beliefs and assumptions of management. Words such as "expect," "anticipate," "should," "believe," "target," "project," "goals," "estimate," "potential," "predict," "may," "will," "could," "intend," variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements. Forward-looking statements are subject to a number of risks and uncertainties, many of which involve factors or circumstances that are beyond our control. Our actual results could differ materially from those stated or implied in forward-looking statements due to a number of factors, including but not limited to: the ability of our products and services to perform as intended and meet our customers' expectations; our ability to successfully integrate businesses and assets that we may acquire; our ability to attract new customers and retain and increase sales to existing customers; our ability to increase sales of our Mass Notification application and/or ability to increase sales of our other applications; developments in the market for targeted and contextually relevant critical communications or the associated regulatory environment; our estimates of market opportunity and forecasts of market growth may prove to be inaccurate; we have not been profitable on a consistent basis historically and may not achieve or maintain profitability in the future; the lengthy and unpredictable sales cycles for new customers; nature of our business exposes us to inherent liability risks; our ability to attract, integrate and retain qualified personnel; our ability to maintain successful relationships with our channel partners and technology partners; our ability to manage our growth effectively; our ability to respond to competitive pressures; potential liability related to privacy and security of personally identifiable information; our ability to protect our intellectual property rights, and the other risks detailed in our risk factors discussed in filings with the U.S. Securities and Exchange Commission ("SEC"), including but not limited to our Annual Report on Form 10-K for the year ended December 31, 2019 filed with the SEC on February 28, 2020. The forward-looking statements included in this press release represent our views as of the date of this press release. We undertake no intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to the date of this press release.
