In addition to Muscogee (Creek) Nation, recent deployments of Everbridge to power vaccine distribution also include [Indian River County](#) and [Sarasota County](#) in

Florida, [St Clair County](#) in Michigan, the [entire state of West Virginia](#), and other [public and private sector organizations](#).

"We remain committed to supporting the vaccine distribution efforts of public safety leaders everywhere during these challenging times with our technologies," said John Maeda, Chief Experience Officer at Everbridge. "Forward-thinking officials like those in the Muscogee (Creek) Nation Health System have taken important steps by rapidly coordinating vaccine scheduling and roll out, providing people with the peace of mind that they are successfully managing this critical stage of the COVID-19 pandemic."

In January 2021, Everbridge launched [COVID-19 Shield™: Vaccine Distribution](#), an extension to its CEM platform supporting the full spectrum of organizations that develop, manufacture, transport, distribute, regulate, and administer the coronavirus vaccine. The offering also provides governments with a single, unified platform to expedite vaccine coordination, communication and distribution for residents. With Everbridge's COVID-19 Shield™: Vaccine Distribution, customers gain capabilities to: coordinate the number of residents or employees who have been vaccinated, manage population density and access to office buildings based on vaccination status, and receive timely alerts when someone reports signs of illness so they can quickly respond to safeguard the community.
