

# Welcome Everbridge Analyst Day 2019

# Jaime Ellertson – *Chairman & CEO*

- + Leads Everbridge strategic vision, corporate growth and market evolution
- + Former CEO and Chairman of CloudFloor Corporation, merged with Everbridge (NASDAQ: EVBG)
- + CEO, President and Director of Gomez Inc., Internet Performance Management leader (acquired by Compuware)
- + CEO, President and Director of S1 Corporation (NASDAQ: SONE)
- + CEO and President of Interleaf (NASDAQ: LEAF) acquired by BroadVision
- + Founded several other high growth software companies including:
  - Founder Document Automation Corporation (1982-1987)
  - Founder Openware Technologies (1990-1995)
  - Founder Purview Technologies Inc. (1996-1997)

# Safe Harbor

This presentation contains forward-looking statements about Everbridge, Inc. (“Everbridge” or the “Company”) within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995, based on management’s current expectation. These statements are often identified by the use of words such as “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “plan,” “project,” “will,” “would” or the negative or plural of these words or similar expressions or variations. Such forward-looking statements are subject to a number of risks, uncertainties, assumptions and other factors that could cause actual results and the timing of certain events to differ materially from future results expressed or implied by the forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to: the ability of our products and services to perform as intended and meet our customers’ expectations; our ability to attract new customers and retain and increase sales to existing customers; developments in the market for targeted and contextually relevant critical communications and the associated regulatory environment; our estimates of market opportunity and forecasts of market growth may prove to be inaccurate; we have not been profitable on a consistent basis historically and may not achieve or maintain profitability in the future; the lengthy and unpredictable sales cycles for new customers; nature of our business exposes us to inherent liability risks; our ability to successfully integrate businesses and assets that we may acquire; our ability to maintain successful relationships with our partners; our ability to respond to competitive pressures; potential liability related to data privacy and security; our ability to protect our intellectual property rights; and the other risks detailed in our risk factors discussed in filings with the U.S. Securities and Exchange Commission (the “SEC”), including but not limited to our Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC on March 1, 2019. Moreover, Everbridge operates in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for the Company’s management to predict all risks, nor can it assess the impact of all factors on its business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statement. In light of these risks, uncertainties and assumptions, the forward-looking events and circumstances discussed in this presentation may not occur and actual results could differ materially and adversely from those anticipated or implied.

Neither Everbridge nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements. We are providing this information as of the date of this presentation and do not undertake any obligation to update any forward-looking statements contained in this presentation as a result of new information, future events or otherwise, except as required by law.

This presentation also contains estimates and other statistical data made by independent parties and by Everbridge relating to market size and growth and other data about the Company’s industry. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. Neither Everbridge nor any other person makes any representation as to the accuracy or completeness of such data or undertakes any obligation to update such data after the date of this presentation. In addition, projections, assumptions and estimates of the Company’s future performance and the future performance of the markets in which the Company operates are necessarily subject to a high degree of uncertainty and risk. By attending or receiving this presentation you acknowledge that you will be solely responsible for your own assessment of the market and Everbridge’s market position and that you will conduct your own analysis and be solely responsible for forming your own view of the potential future performance of Everbridge’s business.

In addition to U.S. GAAP financials, this presentation includes certain non-GAAP financial measures, including Adjusted EBITDA and Free Cash Flow among others. These non-GAAP measures are in addition to, not a substitute for or superior to, measures of financial performance prepared in accordance with U.S. GAAP. The non-GAAP financial measures used by Everbridge may differ from the non-GAAP financial measures used by other companies. A reconciliation of these measures to the most directly comparable GAAP measure is included in the Appendix to these slides.

# Agenda

Time	Session	Speakers
12:00 PM	Registration and Lunch	
1:00 PM	Review of Agenda / Safe Harbor	Jaime Ellertson - Chairman & CEO
1:10 PM	Critical Event Management <i>'In Action'</i>	Imad Mouline – CTO
1:25 PM	Everbridge Growth Drivers, Addressable Market & Vision	Jaime Ellertson - Chairman & CEO
2:00 PM	How Everbridge supports Dow's mission and helps Security enable the business	Scott Whelchel, CSO Dow Chemicals
2:15 PM	Tiffany's Platform for workplace, branch safety for all employees, customers; protecting physical, inventory and intellectual assets	David McGowan, CSO Tiffany
2:25 PM	Q&A	
2:30 PM	Break	
2:40 PM	Product Overview	Imad Mouline – CTO
3:15 PM	Managing Risk at Hilton	Gabe Warren, Global Intelligence
3:30 PM	Platform Engineering and Resiliency	Jim Totton - EVP Product Management, Engineering, and Ops
3:45 PM	Go to Market Strategy	Bob Hughes – President
4:00 PM	Financial Review	Patrick Brickley – SVP & CFO
4:20 PM	Wrap Up	Jaime Ellertson - Chairman & CEO
4:30 PM	Q&A	

# David Meredith – CEO-elect

- + 25 years executive leadership scaling multi-billion-dollar cloud managed services providers and software companies
- + Former Chief Operating Officer at Rackspace
- + Former President of Global Data Center Hosting at CenturyLink (\$2.8B private equity transaction)
- + Executive roles at venture-backed firms such as NeuPals in China to business units of large public companies such as Capital One, CGI and VeriSign
- + Industry thought leader, recognized and quoted by *BusinessWeek*, *USA Today*, The Uptime Institute, *NPR's Morning Edition*

# Everbridge Critical Event Management

# Imad Mouline – *Chief Technology Officer*

- + Leads Everbridge market strategy, product roadmap and innovation
- + Co-founder and CTO of Cloudfloor
- + CTO of Compuware's Application Performance Management Solutions
- + CTO of Gomez
- + CTO of S1 Corporation
- + Director of Engineering at BroadVision and Interleaf, Inc
- + 5 U.S. Patents; MIT graduate

# Driving Core Product Growth

- + Cross-selling multiple products to enterprise customer base
- + Driving large new cities, states, regions and counties in North America
- + Opening Federal Market with FedRAMP
  - + New certifications and partnerships to extend market reach
- + Expanding Corporate Critical Comms both in NA & Int'l
  - + 9 new geographies added since 2018
- + Adding 1 new application every 12-18 months
  - + Crisis Management (CM) in Q1 2019

# Population Alerting

*Protecting residents and travelers with warnings for:  
weather emergencies; geological disasters; industrial  
disasters; radiological disasters; medical emergencies;  
and warfare or acts of terrorism.*

# Population Alerting Products

## Mass Notification

1. List-based targeting
2. GIS-based targeting
3. Opt-in portal registrations
4. Requires contact database

## Community Engagement

1. Zip code opt-ins
2. Keyword opt-ins
3. Keyword and zip code based targeting

## Population Engagement

1. No registration or contact information needed
2. Shows the nationalities of individuals
3. Visibility to population movements out of areas

## Resident Connection

Verified phone numbers and addresses for Landlines, Mobile and VoIP phones in the US.

## Common Services

- + Two-way communications
- + Multi-modal delivery paths
- + Multi-lingual messages
- + Geo-fenced targeting

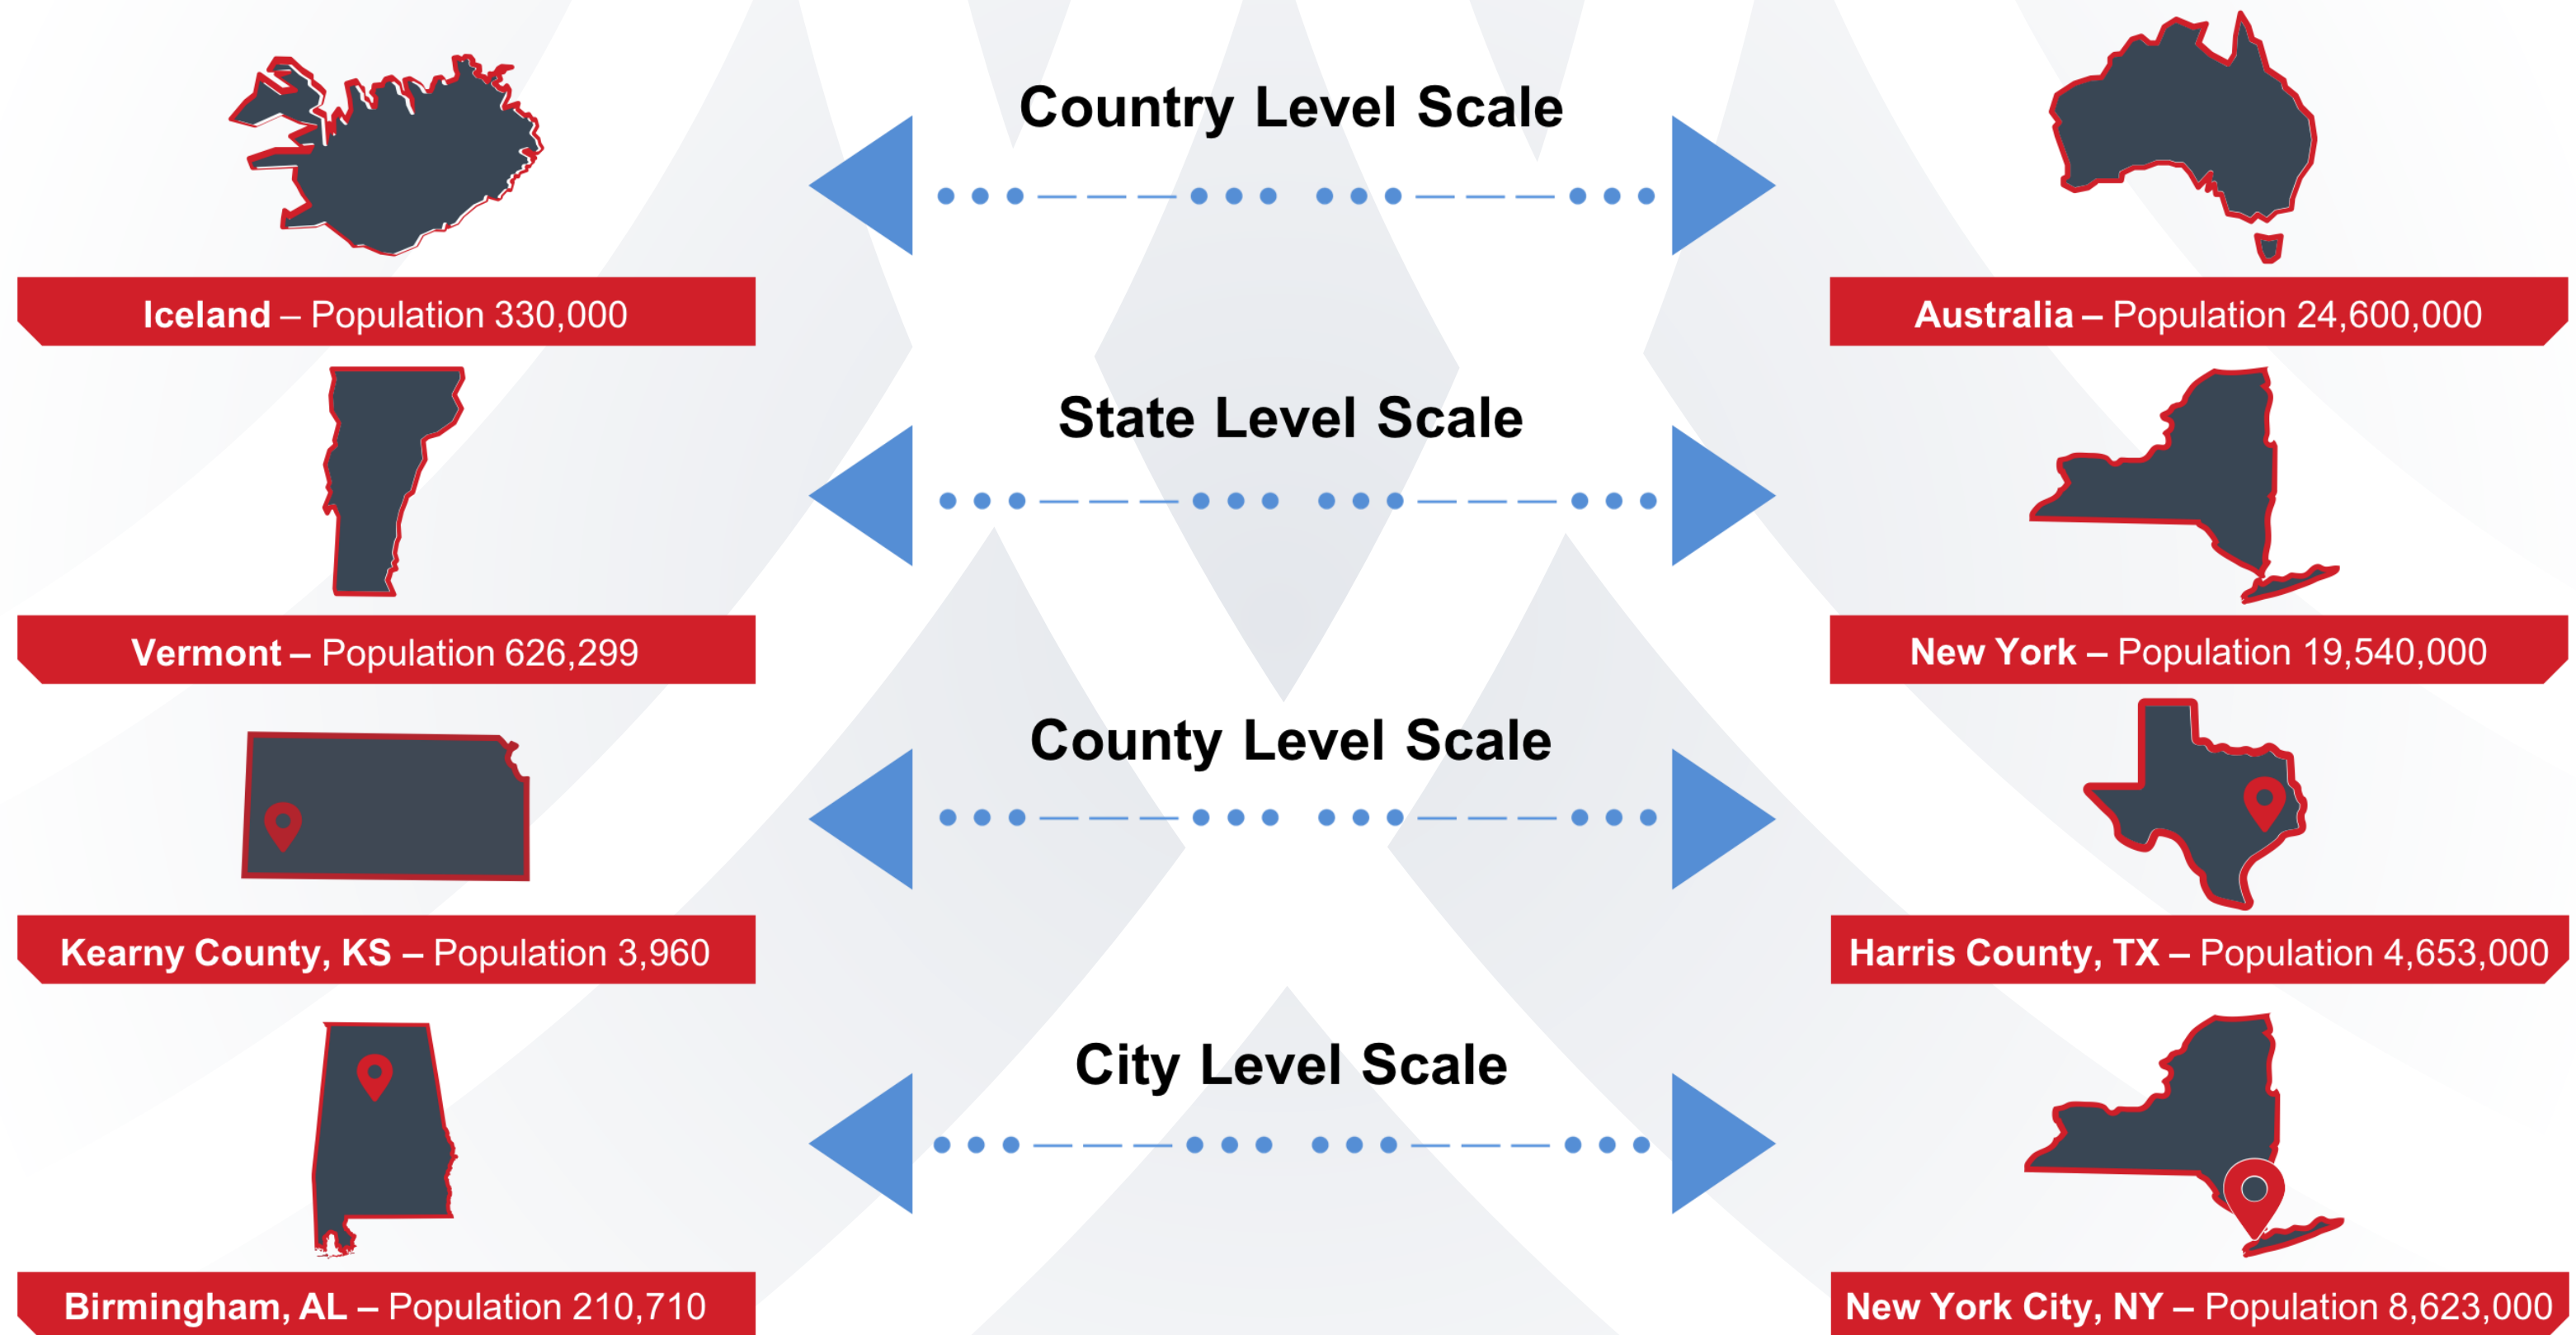

# Population Alerting Growth

- + Continue to target largest Cities, Counties and States in NA
- + Target Large City, States and Country-wide deals
  - EU-Alert Regulatory Mandate
  - India Coastal States Cyclone Regulation
- + Drive operational use cases for public sector organizations
- + Leverage 'network effect' for upsell to private and public sectors

# Population Alerting: Platform Scale In Action

# The New York Times

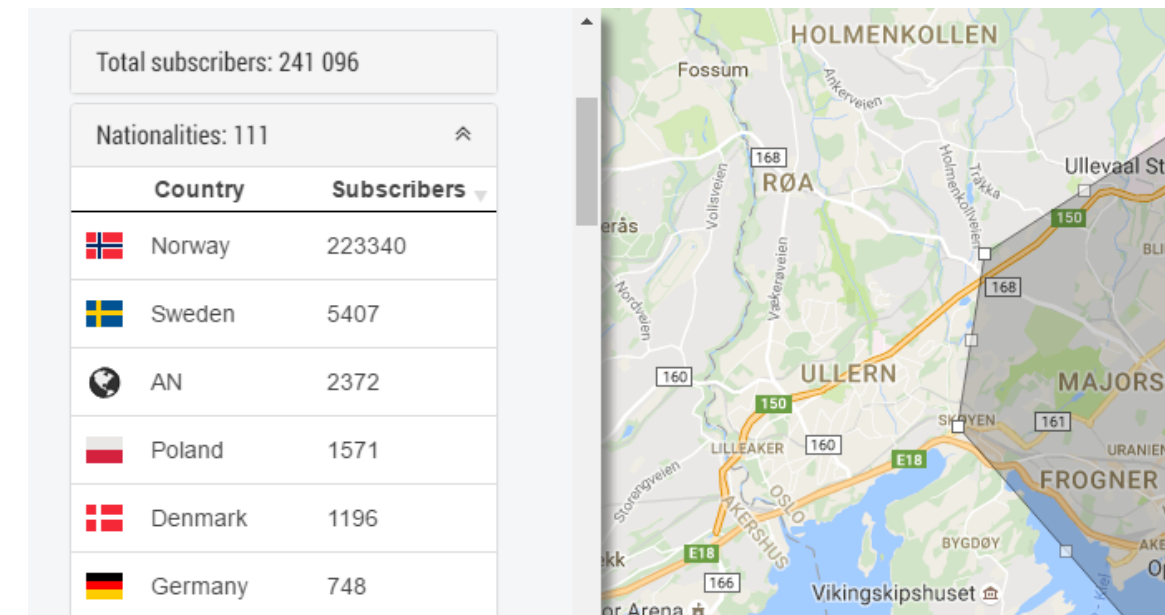

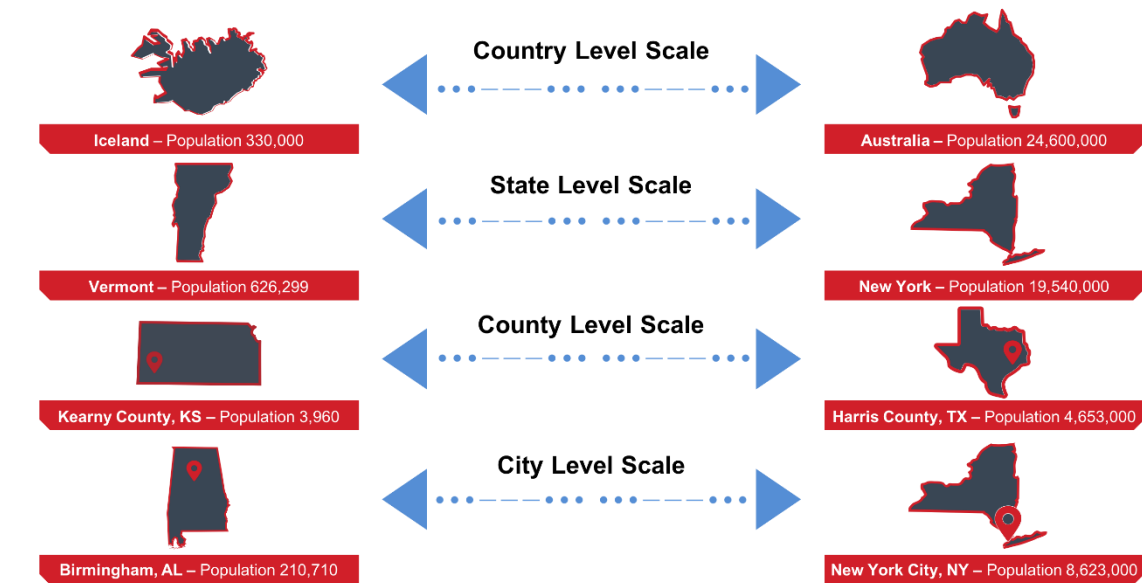

“One of the biggest storms in years was bearing down on Odisha ... cyclone Fani slammed into Odisha on Friday morning with the force of a major hurricane, packing 120 mile per hour winds ... as of early Saturday, only a few deaths had been reported, in what appeared to be *an early-warning success story* ... moved a million people to safety really fast ... this is so different from 20 years ago, when a fearsome cyclone blasted into this same area, killing thousands.”

*“How Do You Save a Million People From a Cyclone? Ask a Poor State in India” New York Times, May 3, 2019.*

# Advantages of Everbridge Public Warning

1. PROVEN SCALE
2. NO OPT-IN NEEDED
3. 90%+ REACH
4. TWO-WAY ENGAGEMENT
5. MULTI-LINGUAL MESSAGING
6. DELIVERY STATISTICS
7. ACTIONABLE INSIGHTS

Public Warning

# Australia Chooses Everbridge Public Warning

**The Everbridge Public Warning solution will be used to provide population-wide alerting to reach the country's over 25 million residents and approximately 9 million annual visitors.**

# Population Alerting TAM

## Public Warning Market Drivers

+ 195 Countries

• US States, Counties and Cities

• Higher Education

### + EU-Alert Regulation

31 European Union member states

All will have to set up a population alerting system to protect citizens and travelers by 21 June 2022.

### + India Cyclone Regulations

27 Indian states

The National Disaster Management Authority of India (NDMA) launched the National Cyclone Risk Mitigation Project (NCRMP) with the coastal states of Odisha and Andhra Pradesh and requires a multi-channel Early Warning Dissemination System (EWDS).

# Platform Engineering and Resiliency

Jim Totton - EVP Product  
Management, Engineering,  
and Ops

# Jim Totton – *EVP Product Mgmt, Engineering & Operations*

- + 40+ years business & technology executive leadership
- + Former VP & GM for Red Hat's \$1B+ Platform Business Unit
- + GM of Marketing at Microsoft OEM division leading product management and business development for \$20B+ OEM channel
- + Vice President of Software for Product Group at Dell Technologies
- + 23-year veteran of Digital Equipment Corporation

# Platform Philosophy

**Multi-Tenant SaaS  
(no customization)**

**Extreme self-service**

**Create a strategic  
platform, not stand  
alone products**

**Design for Reliability**

**Design for Scalability**

**Design for Data  
Privacy & Security**

# Everbridge's Key Competitive Strengths

1

**Unified and Comprehensive, Enterprise-Scale Platform**

2

**Out-of-the-Box, No Developers Needed**

3

**Large, Dynamic and Rich Communications Data Asset**

4

**Robust Security, Industry Certification and Compliance**

5

**Globally Local**

6

**Next-Generation, Open Architecture**

# Global Product Organization

# Everbridge Platform: High Availability, Scale, Redundancy & Secure

## Transactional Availability / “First Responder Grade”

### HIGH AVAILABILITY & SCALABILITY

15 data centers,  
flexible capacity,  
and full stack  
redundancy

### REDUNDANCY ACROSS MAJOR MODALITIES

Multiple SMS and  
voice providers  
vetted to ensure  
no downstream  
inter-dependencies,  
optimized for  
local delivery

### REDUNDANT NOC'S

Two geographically  
distributed NOC's  
staffed 24x7x365

### MULTIPLE LIVE SUPPORT TEAMS

Global live support  
team with  
24x7x365  
tier 1 and tier 2  
staffing and live  
operator service

### LEADING SECURITY & COMPLIANCE

Multiple  
certifications  
confirmed by  
accredited 3<sup>rd</sup> party  
auditors

# Infrastructure Matters

## Traditional Infrastructure

- Regional data centers
- Fixed capacity with 'passive' disaster recovery backup
- Vulnerable when exposed to a major regional event or multiple simultaneous incidents
- Limited delivery optimization

## Everbridge Next Generation Critical Events Platform

- Infrastructure as Code deployment
- 'Full stack' scaling across geographies and for simultaneous major events
- Geographic distribution for privacy and regulatory needs
- **On-demand Message Capacity**

# Infrastructure Matters

## Everbridge Adds Europe Stack

- Infrastructure as Code deployment
- 'Full stack' scaling across geographies and for simultaneous major events
- Geographic distribution for privacy and regulatory needs
- **On-demand Message Capacity**
- **USA and EUROPE**

# Everbridge Platform: High Availability, Scale, Redundancy & Secure

Transactional Availability / “First Responder Grade”

**99.99%**

Transactional  
Uptime

15 data centers,

MANY USE CASES

MULTIPLE BUYERS

ONE PLATFORM

# Traveling Employees

Global cloud hosting company needed to determine the impact of the London Bridge Attack on Travelers, Expats and locals and who needed help.

## Without CEM...

- + Delayed outreach to employees
- + Basic Duty of Care support
- + Lost business value of travel

## With CEM...

- + Automated the response + ID process eliminating manually logging into multiple systems
- + Confirmed safety within 8 minutes of impacted employees
- + Let employees feel safer and be more productive at work

**\$430k**

In annual travel disruption losses for a Fortune 1000 Company<sup>1</sup>

(1) Everbridge estimates based on daily cost of disrupted travel at \$1475/day: <https://www.usatoday.com/story/money/business/2014/09/24/travel-hiccups-cost-businesses-time-and-money/16156405/>; Average number of trips per year 2951;

# Supply Chain Disruption

Global pharmaceutical company proactively avoided a loss of specialty packaging materials from their Puerto Rico supplier during Hurricane Maria

## Without CEM...

- + Lost revenue
- + Expired inventory
- + Under-utilized workforce labor
- + Lost competitive advantage

## With CEM...

- + Purchased all available supplies
- + Forced competitors to switch vendors or wait
- + Avoided 2 week delay from switching to new packaging supplier

**\$210  
Billion**

in annual economic losses as a result of supply chain disruption<sup>1</sup>
